Venue : Le Vendespace

The Vendespace, which opened in September 2012, is the only site of its kind in France, with a whole host of technologies concentrated in one place, benefiting from excellent facilities thanks to its modularity, its aesthetics and its acoustics.

With its 21 000 m², including three halls dedicated to the widest possible range of sports and the boldest shows, this venue is giving a new dimension to the county.

By hosting these major events, the department will enhance its actions to support sport and culture, offering an exceptional setting in the heart of the Vendée for all disciplines and art forms.

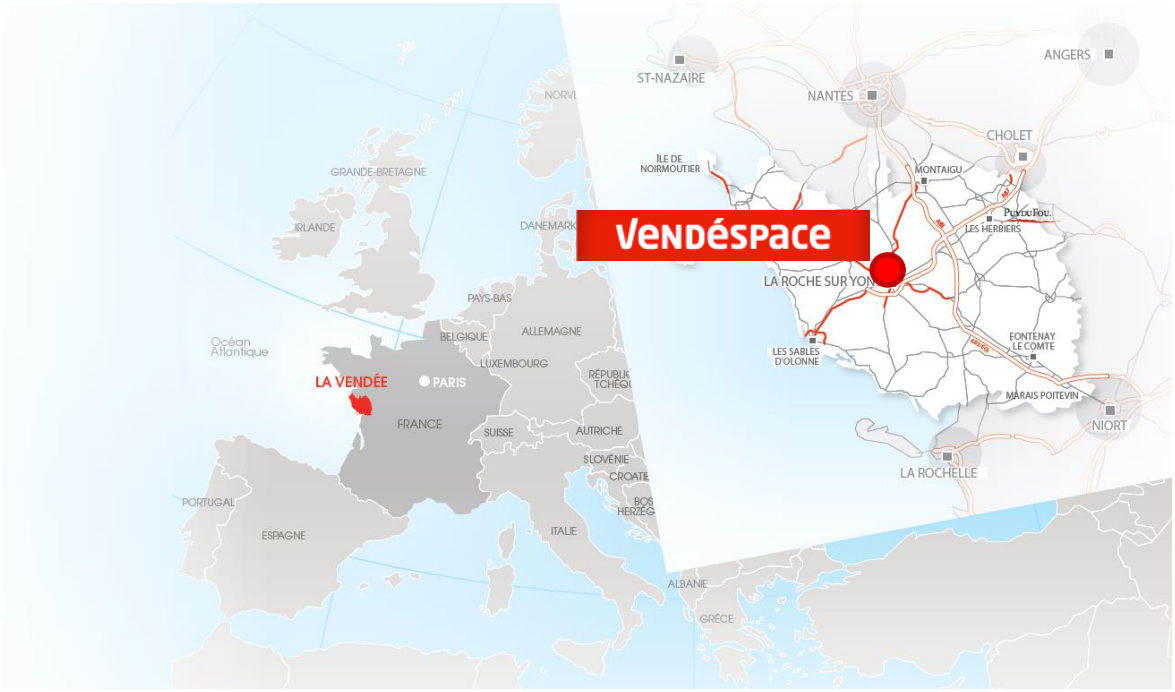

Location : La Vendée

Vendespace is situated in Mouilleron-le-Captif (4 500 inhabitants), a suburb of La Roche-sur-Yon.
La Roche-sur-Yon, is the capital city of the department La Vendée, located in Western France. The city was founded in 1804 by Napoléon.

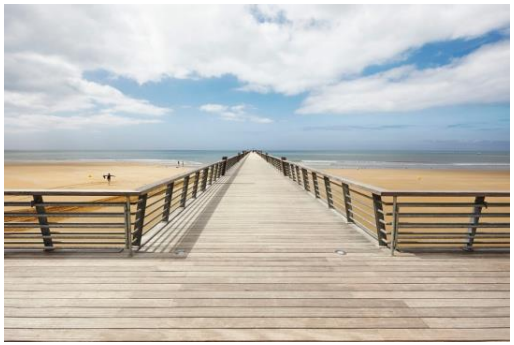

La Vendée is one of the most attractive areas for summer tourism with lots of beaches, harbours, resorts and historical monuments.

La Venise Verte, a typical natural landscape, features a magical maze of tree-lined, duckweed-covered canals called the Green Venice in the Poitevin marsh in the south of the area of La Roche-sur-Yon.

Nantes Airport is only 50 minutes away from La Roche-sur-Yon. There are also possible connections with Paris by train (3h30 mins) or by plane (1h).
