Dear badminton friends,

On behalf of Badminton Europe, we are extremely happy to welcome you all in Ljubljana, Slovenia for the 2022 European Senior Championships (#ESC22).

It is the second time that this event has been allocated to the Badminton Association of Slovenia, as they also successfully organised these Championships in 2016 in Podčetrtek. It is a pleasure to see that 6 years later we are now welcomed in the magnificent Dvorana Stožice Arena in the capital city of Slovenia. I am looking forward to see the great venue and explore the fantastic city.

The European Senior Championships is an event for players over 35 years of age organized by Badminton Europe every second year. However, due to the Covid-19 pandemic, the last time this event took place was in 2018, as the 2020 edition had to be cancelled. I believe that a lot of the players are looking forward to finally crown new European Champions after four years. This year, we have close to 1100 players coming from 33 countries and participating in 43 events. It is the first time that we have the Men's Doubles 75+ and Mixed Doubles 75+ event played, which is a big achievement on its own and proof that this tournament has the potential to grow even bigger.

All 12 courts of these European Senior Championships will be broadcasted throughout Europe and beyond and can be followed live via www.badmintoneurope.tv. We hope that friends, families and all badminton fans will tune in and enjoy the great matches of these senior players. I would like to thank the Badminton Association of Slovenia for organizing these amazing Championships. None of this would be possible without their dedication and their ambition of delivering a great event.

My sincere thanks also goes to YONEX, our strong equipment partner, and all the volunteers and technical officials coming to Ljubljana, to be part of the 2022 European Senior Championships.

To all the players, best of luck! I hope you will find some time to enjoy the beautiful city of Ljubljana besides playing some great badminton matches.

Yours in badminton,

Peter Tarcala
President of Badminton Europe Confederation

Hi, my name is Breda and I am the mascot of Slovenian Badminton Association. I am shaped as a shuttle in the colours of Association, that also represent our nation. I was made back in 2016 when Slovenia hosted the European Senior Championship in Podčetrtek. Since that day I go to various badminton tournaments and events, where I put smiles on everyone's faces from the youngest to the oldest. If you want to meet me or take a picture, make sure to find me, because I will be somewhere in the venue waiting to put a smile on your face too.

Ljubljana

Ljubljana is the political and cultural heart of the Slovenian nation. It is an important European commercial, business, exhibition and congressional centre as well as the transport, science and education centre of Slovenia.

Ljubljana is a city that people often return to, be it because of work or because of pleasant memories of previous visits. It is similar to a number of other pleasant European cities - yet it is different - and if you want to be fully assured that Ljubljana is an interesting, pretty and friendly place then just ask the locals - they love it.

The old meets the new

In Ljubljana the old meets the new; and it seems that history has spent all of the settlement's five millennia preparing it to become the nation's capital. It has managed to retain traces from all periods of its rich history; from the legacy of Roman Emona; through to the Renaissance, Baroque and Art Nouveau periods characterised in the house fronts and ornate doorways of the city centre, the romantic bridges adorning the Ljubljanica river, the lopsided rooftops and a park reaching deep into the city centre. Here eastern and western cultures met; and the Italian concept of art combined with the sculptural aesthetics of Central European cathedrals.

A city of culture

Ljubljana is a city of culture. It is home to numerous theatres, museums and galleries, and boasts one of the oldest philharmonic orchestras in the world. The first music society in Slovenia, the Academia philharmonic rum, was founded in 1701. It was a vehicle for baroque music and also facilitated the development of musical production in this region. Its honorary members included such renowned composers as Joseph Haydn, Ludwig van Beethoven and Johannes Brahms, and distinguished musicians such as the violinist Nicolo Paganini. Between 1881 and 1882, at the very start of his career, Gustav Mahler was its resident conductor.

TRIP 3: LAKE BLEED

TRIP 4: LJUBLJANA

For every trip you need to apply a day before until 20.00 on mail: travel@payandplay.si. You need to send us on which trip (for TRIP 4 also a hour) you are applying for and the number of persons.

We will inform you about your trip (price and departure time), around 21.00 day before your trip. If there won't be enough applicants, the trip will be canceled.

POSTOJNA CAVE AND PREDJAMA CASTLE

The mesmerizing beauty of the Postojna Cave and the mysterious castle of Predjama rank among the most precious jewels of Slovenia. We will explore the wonderful underground world and excite our imagination in a striking medieval castle.

It has taken millions of years for the clear waters of the River Pivka to create these 21 km of underground labyrinth of passages, caverns and great halls, decorated with dripstones, translucent curtains and pillars of fascinating shapes and colors. After an unforgettable underground train ride to the heart of the cave system, experienced guides will accompany you on a walk through the subtly lit fairy-tale like underground world.

You will glimpse a million years in one moment, admiring delicate spaghetti-like stalactites, massive pillars and other geological wonders. Back in the daylight, the trip will continue towards the astonishing castle of the robber knight Erasmus. For centuries dramatically hanging in over a 100-meter-high vertical cliff, it's waiting for you to enter and discover its secrets, legends and myths. Driving through green scenery, we return to Ljubljana

LAKE BLED & LAKE BOHINJ

Two exquisite glacier lakes glitter in the green valleys of the Slovenian Alps. We will visit Bled, mundane resort with an eminent medieval castle and a romantic island in the lake. Later we will drive to Lake Bohinj which lies in a tranquil and pristine valley in the Triglav National Park.

The calm and inviting waters of its lake spurred the tradition of making the typical 'pletna' boats back in the 12th century. We will be able to board one of these wooden beauties to reach the island, with its romantic church and mysterious wishing bell. Sightseeing in Bled continues with a chance to visit impressive castle, perched on a cliff high above the lake. We will roll back time in its museum and enjoy the unforgettable view of the surroundings.

We will continue our way to the Bohinj Valley which charms visitors with its inspiring scenery, crystal clear lake waters and the harmonious coexistence of man and nature. The picturesque lakeside boasts the frescoes of Church of St. John the Baptist. You will have time to discover the legend of Zlatorog (Goldhorn), enjoy a stunning view over Mount Triglav and try the hearty local cuisine.

LAKE BLEĐ

Often described as the 'Image of Paradise', the Alpine resort town of Bled will enchant you with its emerald-green lake, fairytale-like island and imposing castle reigning on top of a rocky cliff. This harmonious mix of beautiful nature, rich history and genuine hospitality has been attracting visitors for centuries. It was here that the Yugoslavia Royal Family once had a summer residence, later replaced by the summer residence of President Tito, which can still be seen by the lake. After an enjoyable drive, we can board a traditional 'pletna' boat and smoothly glide over the lake to visit the only Slovenian island. Its top is crowned with a little church, and you will have an opportunity to ring the mysterious wishing bell. A scenic road takes us around the lake and to the medieval castle perched high on a cliff. Built over a thousand years ago, it was once an unconquerable property of the Bishops of Brixen. Today, it attracts visitors with its museum, and demonstrations of old crafts and traditions, not to mention the breathtaking view of the surroundings. Before returning to Ljubljana, enjoy a stroll by the lake or treat yourself to the famous Bled cream-cake.
