Information about Banská Bystrica

Banská Bystrica is considered to be the heart of Slovakia. It is surrounded by mountain ranges with national parks. Banská Bystrica with 77 000 inhabitants is the 6th largest city in Slovakia. The city is a home to three major universities – as well numerous primary and secondary schools resulting in young, vibrant and friendly atmosphere in the city.

THE CITY HAS A RICH HISTORY

The first written record dates to the 13th century. In 1255 king Belo IV promoted the status of the original Slovak settlement of Bystrica to that of a free royal city. Banská Bystrica was proclaimed as a city monument reservation, among the first in Slovakia. A significant feature of the city is its rectangular square with historical houses, a Virgin Mary column and a unique clock tower. Upon creation of the Slovak Republic in 1993, the city sought to strengthen its historical disciplines – banking, education, tourism and top sports. With the founding of Matej Bel University in 1992, Banská Bystrica became one of the centres of university education in Slovakia. Currently, Banská Bystrica is an economic, administrative and cultural centre of Central Slovakia, and a home to the Banská Bystrica Self-Governing Region.

BANSKÁ BYSTRICA – THE EUROPEAN CITY OF SPORT 2017

Banská Bystrica gained the title of 2017 European City of Sport, awarded by ACES Europe and accepted by Mayor of city in Brussels in December 2016. Sports activities carried out in Banská Bystrica lifted this positive attitude towards sports to previously unseen numbers.

HISTORY OF SPORT IN BANSKÁ BYSTRICA

The history of sports began in the year 1889 and the first sports club, BSC (Besztersybányia Sport Club), with cycling, tennis and football was established. In 1919 one of the largest sports clubs in Slovakia, Slávia Banská Bystrica was created. As the site for summer and winter sports, Banská Bystrica earned its nickname "Slovak Davos" in 1930s. 1965 was a foundation year of the army sports centre that housed football, track and field, ski-jump, judo, sports gymnastics, water polo, biathlon, fencing, modern pentathlon, sports shooting, swimming, water slalom and downhill skiing. Currently it operates as the Army Sports Centre Dukla Banská Bystrica (ASC Dukla). In 1979 was founded the first sports boarding school, the first one in Czechoslovakia. The Sport high school produced several World and European champions and Olympic athletes. Banská Bystrica has tradition in organization of various high level sport events with long history.

WEATHER CONDITIONS

In Banská Bystrica, Zvolen and their region, the summers are comfortable, the winters are freezing and dry, and it is partly cloudy year-round. Over the course of the year, the temperature typically varies from -6°C to 25°C. Based on the tourism score, the best time of year to visit Banská Bystrica for warm-weather activities is from mid-June to late August.

The OC is accepting volunteers from outside Slovakia. Registration is possible on following link <https://eyof2022.com/en/registration/>

Olympic Culture and Education Programme (OCEP) NEW

The Slovak Olympic and Sports Committee (SOSC) will implement the Olympic Culture and Education Programme (OCEP) that was presented for the first time within the framework of Baku 2019 EYOF.

Being in line with the Olympic Agenda 2020 recommendations on strengthening Olympic education and strategic partnership among NOCs, the programme was very well received by the all stakeholders.

The OCEP is intended to engage and inspire youth to be true champions, to adopt and live by Olympic Values of Friendship, Excellence and Respect, and to play active roles in their communities. As part of the programme the SOSC has already selected schools from Slovakia to be twinned with one school from each of the remaining 49 European countries. In this regard, we would like to ask each NOC across Europe to select one local school to be twinned with a selected school in Slovakia. In terms of selection criteria, secondary school students with good English proficiency and willing to enter into international cooperation are the priority. The invitation to NOCs for the school participation nominating has been sent with a deadline 31 January 2022.

Taking into account the unique specificity of the programme the SOSC has decided to engage Young Ambassadors for the EYOF into the programme implementation. Hence, selected Young Ambassadors across Europe will be invited to get in touch and support twinning schools with their promotional and educational activities.

We believe that all European NOCs will join the OCEP programme in order to strengthen the promotion of sport as a key element in this enlightening cultural exchange, and enhance cooperation between young people of member countries. Should you have any further questions and/or clarifications about the programme, please contact Ms. Ivana Motolíková at ocep@eyof2022.com.
